EKO IQ

CONCEPT

Where Sustainability Meets Intelligence

Nature designed the blueprint; EKO-IQ perfects the execution. Every surface here thinks ahead — conscious of the planet, precise in performance. This is design that doesn't just look smart, it behaves smart.

For homes and spaces that demand more than aesthetics alone. EKO-IQ brings responsibility and refinement into the same conversation. Because true intelligence in design is knowing what to leave behind.

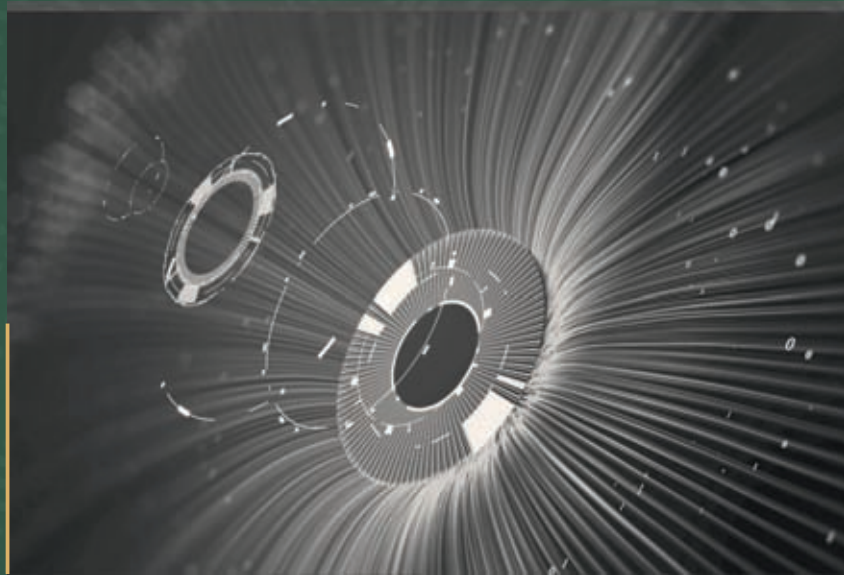

OUR VISION

Since our inception, we have remained committed to sustainable growth by embracing innovation, strengthening our manufacturing capabilities, and creating solutions that add lasting value. We aspire to be a trusted industry leader recognized for quality, reliability, and continuous progress.

OUR MISSION

Our mission is to deliver innovative, high-quality solutions that combine precision, reliability, and craftsmanship. We are committed to exceeding customer expectations through consistent quality, advanced manufacturing, and a customer-first approach that builds lasting trust and value.

OUR VALUES

Our values are rooted in integrity, quality, innovation, and collaboration. We believe in empowering our people, embracing continuous improvement, and conducting business responsibly, ensuring every product reflects our commitment to excellence and customer satisfaction.

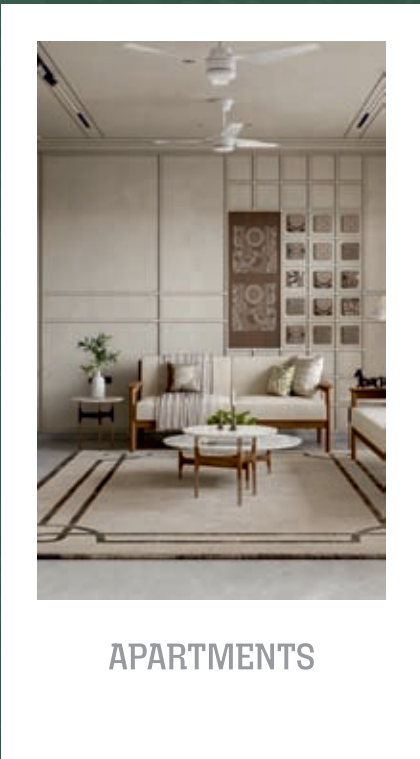

ABOUT US

At Ristal, every surface is crafted with purpose blending durability, design, and detail into one seamless expression. We believe true craftsmanship lies in the details you touch every day. From concept to creation, our finishes are built to elevate spaces and inspire confidence. Ristal stands for surfaces that don't just perform they define the spaces they belong to.
